Report

Findings

Title: Missing Alt Text on Certain Website Images

Category: accessibility

Evidence: Website inspection data shows that out of 71 images on the homepage and up to 30 images on subpages, several images lack alt attributes (e.g., specific missing or null alt tags on subpages like Backpackers Cafe 22 and 9D).

Severity: medium

Confidence: high

Expected Impact: Improved accessibility score and better search engine visibility for venue imagery.

Recommendation: Add descriptive alt text to all informative images across the website to improve screen-reader accessibility and SEO image indexing.

Title: Static Image Menus Limit Usability and Searchability

Category: content

Evidence: Subpage links point to static image files for menus (e.g., /menu/backpackers22b/01.jpg), which cannot be easily searched or indexed by users or search engines.

Severity: high

Confidence: high

Expected Impact: Significantly enhanced mobile readability, easier menu updates, and improved local SEO discovery.

Recommendation: Convert static image menus into structured HTML text menus or interactive digital menus with search and dietary filtering capabilities.

Title: Fragmented Table Booking Modals Across Locations

Category: conversion

Evidence: Multiple 'Book a Table' buttons trigger individual modals for specific locations (e.g., Dak Bungalow, Orchid Lounge, Backpackers variants) with distinct phone numbers and timings.

Severity: high

Confidence: medium

Expected Impact: Reduced user friction during table reservation and potentially higher online booking conversion rates.

Recommendation: Consolidate table bookings into a single, seamless reservation widget or clear location selector that simplifies the path to conversion for users.

Action Plan

Task: Audit and fix missing alt tags across all inspected website images

Priority: P1

Rationale: Ensures baseline web accessibility compliance and improves image SEO across all pages.

Deliverable: Updated HTML templates with descriptive alt attributes for all 71+ images.

Acceptance Criteria

- Zero missing alt attributes on images across all primary pages
- All decorative images marked with empty alt tags or handled via CSS

Task: Redesign menu presentation from static images to accessible text/HTML formats

Priority: P2

Rationale: Enhances mobile usability, search engine indexation, and customer convenience when browsing food and beverage options.

Deliverable: Structured HTML menu pages for each venue replacing or supplementing raw image files.

Acceptance Criteria

- Menus are readable by screen readers and mobile text-scaling tools
- Menu items and pricing are easily editable via the content management system

Task: Streamline table booking and reservation user flow

Priority: P1

Rationale: Reduces friction for prospective diners attempting to reserve a table at any of the multi-brand locations.

Deliverable: Optimized reservation modal and clear location-based booking widgets on all venue pages.

Acceptance Criteria

- Users can select their desired venue and initiate a booking within two clicks from any page
- Confirmation messages display correctly upon successful form submission

Limitations

- No external competitors were explicitly provided in the evidence; therefore, competitor insights are omitted to prevent speculation.
- Analytics data, conversion rates, and live server performance metrics were not available in the inspection evidence.
- Mobile responsiveness and JavaScript interactivity could only be assessed through static HTML and text excerpt analysis.

Design Direction

Imagery: High-resolution photography showcasing cozy interiors, signature dishes, cocktails, and lush outdoor lawns of the venues.

Typography: Classic serif headers paired with clean, highly readable sans-serif body text for menus and informational content.

Visual Style: Warm, inviting, colonial-inspired, and rustic aesthetic that reflects the physical ambiance of the physical cafes and lounges.

Color Direction: Earthy tones including warm creams, muted greens, deep blues, and charcoal grays inspired by the decor of venues like Tattlers and Willow Cafe.

Layout Principles

- Clear visual hierarchy differentiating the various restaurant brands under the parent group
- Generous whitespace and card-based layouts for showcasing distinct venue locations and menus
- Prominent, persistent calls-to-action for table reservations and contact information

Interaction Principles

- Smooth modal transitions for booking and quick-view menus
- Clear touch targets for mobile users navigating between multiple restaurant locations
- Immediate visual feedback on form submissions and newsletter signups

Business Overview

Summary: Whispering Willows operates multiple distinct dining venues, cafes, and lounges across Chandigarh and Zirakpur, offering diverse ambiances, global menus, all-day dining, and event spaces such as Dak Bungalow in Zirakpur.

Services

- Casual dining and cafe experiences (Backpackers Cafe, Willow Cafe, Cafe Nomad)
- Fine and gourmet dining (Tattlers, Dak Bungalow)
- Pub and lounge dining with bars (Orchid Lounge)
- Private and corporate event hosting

Business Model: Multi-venue hospitality group combining cafes, gourmet restaurants, lounges, and event hosting spaces.

Customer Goals

- Browse menus and explore different restaurant ambiances across various locations
- Book tables easily online or via phone
- Inquire about private and corporate event hosting

Target Audience

- Local residents in Chandigarh and Zirakpur seeking casual dining, family dinners, or date night spots
- Professionals looking for after-work drinks, casual meetings, or lunch spots
- Event hosts and planners seeking venues for private and corporate events

Website Assessment

Strengths

- Clear presentation of multiple distinct dining venues with detailed operating hours, addresses, and telephone numbers
- Comprehensive menu images and positive customer testimonial highlights across multiple pages
- Clear branding and navigation structure linking all constituent cafes and lounges

Weaknesses

- Some images lack alt attributes across inspected pages, affecting accessibility
- Heavy reliance on static image files for menus rather than searchable or responsive text formats
- Table booking functionality appears fragmented across multiple modal triggers rather than a streamlined unified reservation portal

Evidence Gaps

- Exact mobile responsiveness behavior and Core Web Vitals performance metrics require manual verification
- Real-time table reservation system functionality cannot be fully audited from static HTML inspection alone

Overall Summary: The website effectively showcases multiple distinct restaurant brands under the Whispering Willows umbrella, offering image galleries, menus, timings, and contact details. However, user navigation relies heavily on complex multi-page links, and some images lack alt text.

Overall this is a great place to visit must try!! Café Nomad Chaitanya Kaul on Zomato Before any reviews on food, want to appreciate how beautiful, cosy and homely this cafe is. Comfy sofas with dim lamp lighting & walls adorned with huge paintings. You could spend a good time chatting and eating. It also has an outdoor seating area with lots of sunshine. Had Willow Club Sandwich. The sandwich was fresh and loaded with all kinds of veggies. Served with fries and coleslaw. Have it with a huge cup of latte and your day is sorted. Willow Cafe Pooja Bhardwaj on Zomato This is the first time that I tried this restaurant. You won't believe me if i tell you that my mind was blowing somewhere when I entered this place. I feel like I'm not standing in India. I do love their decorative idea. Moreover, their food is up to my expectation. Staff and their hospitality are also up to the mark. What else can I see? All in all... Just perfect!!! Orchid Lounge Anchalee Saengthong on Zomato Great Ambience and Decor, Amazing food, great quantity and quality, cheerful staff....a great place to be in for a quiet delicious meal....classy interior....delectable food...a date place for sure. Tattlers Prakriti Bakshi on Zomato This place is for me the interior (travel books everywhere) the ambience and obviously the food is what attracts me. I'm in Elante means I'm at Backpackers. This is how much I love this place. My advice, do visit this place. Backpackers Café – Elante Aashna Goel on Zomato This place is never a miss irrespective of the zillion times I have been here. It's my ultimate go to place for breakfast for a while now and no matter how many new places open, Backpackers hasn't been matched up to. We often end up here for Sunday brunches and I think I have now tried most of the things on their menu and it's all worth trying. Overall this is a great place to visit must try!! Café Nomad Chaitanya Kaul on Zomato Before any reviews on food, want to appreciate how beautiful, cosy and homely this cafe is. Comfy sofas with dim lamp lighting & walls adorned with huge paintings. You could spend a good time chatting and eating. It also has an outdoor seating area with lots of sunshine. Had Willow Club Sandwich. The sandwich was fresh and loaded with all kinds of veggies. Served with fries and coleslaw. Have it with a huge cup of latte and your day is sorted. Willow Cafe Pooja Bhardwaj on Zomato This is the first time that I tried this restaurant. You won't believe me if i tell you that my mind was blowing somewhere when I entered this place. I feel like I'm not standing in India. I do love their decorative idea. Moreover, their food is up to my expectation. Staff and their hospitality are also up to the mark. What else can I see? All in all... Just perfect!!! Orchid Lounge Anchalee Saengthong on Zomato Great Ambience and Decor, Amazing food, great quantity and quality, cheerful staff....a great place to be in for a quiet delicious meal....classy interior....delectable food...a date place for sure. Tattlers Prakriti Bakshi on Zomato This place is for me the interior (travel books everywhere) the ambience and obviously the food is what attracts me. I'm in Elante means I'm at Backpackers. This is how much I love this place. My advice, do visit this place. Backpackers Café – Elante Aashna Goel on Zomato This place is never a miss irrespective of the zillion times I have been here. It's my ultimate go to place for breakfast for a while now and no matter how many new places open, Backpackers hasn't been matched up to. We often end up here for Sunday brunches and I think I have now tried most of the things on their menu and it's all worth trying. Menu Book a Table Testimonials When u r just crazy about cold coffee, and want to satisfy your hunger with a good food, I will really recommend Backpackers Cafe. Very good ambience and tasty food just made my morning marvelous. It is one of the cafe i could visit again and again. Shivinder Singh - Zomato A cute pretty hangout place. Never disappoints me. Food is delicious, their staff is friendly and ambience is great. I had a classic chicken club sandwich (my fav and a must try) 5/5. Classic cold coffee - a perfect blend 5/5. Soup of the day 5/5. Overall a great place to hangout with friends or family or for work. Highly recommend this place. Nimrat Bedi - Zomato My go to place for soup and Italian food. Their lasagna is one of the best in the city. Everything from their menu gets a thumbs up from me. Damanjeetpahuja - tripadvisor Cafe par excellence! This quaint, cozy, slightly space-challenged, packed at most times eatery will never let you down as far as food is concerned! Lot of items on the menu stand out. The quantities are adequate and the presentation attractive. The service is quick and always with a smile. Chicken lasagna, fish and chips, pepperoni pizza, spaghetti bolognese are blockbusters. The masala cola and D.C. smoothie are lip smacking good! Would seriously recommend this place folks! Your taste buds will not be disappointed! tarunvijan - tripadvisor Backpackers Cafe wins Best Cafe for the 7th year - TIMES FOOD AWARDS Thank you to all our patrons and everyone who voted! Styled like a cosy country style cafe with a melange of barbeque, grills and all time eats. We offer all day dining, from hearty breakfasts, to sumptuous lunches and dinners and ‘moorish’ snacks. Come and chill indoors or lounge outdoors in the balcony seating. Timings: 8.30 AM - Midnight Willow Cafe Our Willow Café is a place where you can come and seek comfort in its delicious food and ambience. Styled like a cosy country style cafe with a melange of barbeque, grills and all time eats. Menu Book a Table Testimonials Willow Cafe is a warm, cozy and welcoming café that immediately puts you at peace. With a beautiful and soothing background score playing, to give you company and their uniquely articulated menu that offers almost all the cuisines. From Indian to Continental, American to Italian, they have it all but undoubtedly their forte lies in the finely and fabulously brewed coffee, that happens to have a reputation of its

own amongst all the coffee geeks! Abhilasha Sidhana - Zomato This is my favorite neighborhood cafe. This cafe perhaps serves the tastiest Indian food in Chandigarh. The best Chicken Lemon Corriander Soup in the city. Khushwant Singh - tripadvisor A forever favorite place in Sector 10. This place serves super delicious club sandwiches, kathi roll, pasta and coffee. Simple yet heavy their club sandwich is a hit. I would also recommend Tomato Shomato soup if you are a soup lover. Prakriti - Zomato Meets your expectations of a good cafe. Good music, seating and food. I like the basement area more which gives a warm and comfortable ambience. My favourites are their Peach Tea and Pineapple Chicken Salad. Puja Seth - Zomato I love everything about this place. The food and the ambience, both, are great! It's one of my favourite places. Their Iced Latte is amazing. The service is quick, the staff is so courteous and helpful. Come and indulge yourself! Timings: 8 AM - Midnight Tattlers Tattlers by Backpackers is the latest addition to our family. Come and enjoy our new and interesting menu and scintillate your senses in the plush surroundings of blue, white and gray with your

choice of tipple from a fully licensed bar. Menu Book a Table Testimonials Nice food, ambience, staff and service. Oh, and - special mention for the beautiful cutlery :) We ordered risotto and tacos. Their recipe for risotto was different from what I have had in the past, it was delicious. Tacos were above average too. They serve Backpackers Cafe menu also here. Shakun Grover - Zomato One of the best restaurants in town. Visited twice once for coffee and Apple Pie and once for some wine and their signature Jhalmuri. Loved everything about them. Music, ambience, food and of course the lovely interiors. Madhura Yale - Zomato Another place that I frequent.... If only for that one favourite thing of mine that they serve. I prefer the first floor setting with its Colonial / British club look vis a vis the Victorian feel of the ground floor. Having tried many dishes, my favourite is their 'Trio of Chicken Keema Juicy Lucy Pao. Be careful when you order this.... Firstly I've barely managed to finish it whenever I've ordered it.... Three nice big paos stuffed with absolutely delicious keema oozing with juice... And secondly... You shouldn't be counting calories. Their 'For The Love Of Chicken' platter comes a close second..... So try. Reasonably priced considering the place and quantity. Fateh Bajwa - Zomato I have been to this place twice and both times it stood high on my expectations. Food is really good with decent proportions. Even taste is really good and you can feel the freshness in food. Interiors are pleasant and you will feel like enjoying your food in English cafe. All in all a must try place. Ø=ÜM keep the good work. Rahul D - Zomato The best ambience in the city, it's one of those hidden gems. Food is good, desserts even better. Love the place. The cosy interiors are so inviting will definitely like to go here again.
